2. Presentation summary

The page limit is 2 pages. The first page should contain the Title of the presentation and names of the authors (if multiple authors are listed, place a ○ in front of the presenting author's name). The title should be placed in the center of the first line (size, 12 point; font, Times New Roman) and the sub-title should be in the center of the second line (size, 10.5 point; font, Times New Roman). If there is no sub-title, please leave the second line blank. Names of authors should be listed on the third line and justified to the right. Lines 5 to 10 should be used for the abstract (100-word limit). The last four lines in page 1 should be used for listing keywords (English) and the authors' affiliation(s) (English).

The second page should be used for the main text and any references cited (APA style).

3. Figures and tables

Please try to use 7.0 point or larger font size for all characters in figures and tables. Number and title should be given below each figure and above each table.

The figures can be arranged in any style in case of second page.

Caption for figures must be written as Fig. 1

Caption for table must be written as Table 1

Caption for figure must be at the bottom of the figure whereas for table it should be placed on top of the table both aligned left.

Keywords: Please, Use, Five, Keywords, Maximum

*First author's affiliation, **Second author's affiliation
